Article II: Professional Appearance Policy

McMaster-Mohawk-Conestoga BScN Program Professional Appearance Policy

As a McMaster Collaborative nursing student, it is important to present yourself in a professional manner, particularly when in a professional practice setting (community or hospital). A professional appearance is important in establishing effective working relationships with patients, nursing colleagues and interprofessional team members. The following uniform policy has been created by students and faculty to address the issue of professional appearance and safety (references included below);

*** Please note that each professional practice setting has its own uniform/professional appearance and/or footwear policies that are also to be followed. ***

- **ID badges: all badges must be visible in the professional practice environment.**
 - **McMaster students** are to use their School of Nursing ID badge.
 - **Mohawk students** are to use their McMaster and Mohawk student cards in an ID badge holder that can be bought at the Health Science bookstore.
 - **Conestoga students** must wear a yellow School of Nursing name pin that is to be purchased from the Conestoga bookstore.

Shoes:

- A predominant color of white or black with very limited designs and logos are appropriate. No mesh holes are permitted.
- Students must purchase a second pair of shoes for professional practice as regular street shoes are not permitted for infection control purposes.
- Footwear must be in good condition, have an enclosed toe and heel, with a medium to low heel, and slip resistant soles as per occupational health and safety requirements.

Hair:

- Hair must be neat, clean and secured.
- If a student has long hair, it is to be secured back and kept above the shoulders.
- Students with facial hair are to ensure that it is neatly trimmed and well kempt as per agency policy.

- A triad meeting will be arranged by the student to discuss and agree on appropriate uniform for these professional practice courses.
- The professional practice agency’s policy in which the student is practicing, provides direction for what is deemed appropriate dress for the professional practice environment.
